

# It is because of you....

... our wonderful faculty and staff, that students continually speak highly of their collegiate experience at Athens State. You are the face of the institution and the ambassadors of our mission. You are as much a part of the campus as Founders Hall and the chimes from the bell tower. We ask that you continue to support Athens State with a gift to the Athens State University Foundation. Any amount is welcomed and your gift can be made by a one time payment or through payroll deduction. We all know what a wonderful place Athens State is to work, and partnering with the Foundation is a great way to show your appreciation.

To me, giving to the Foundation supports a cause I truly believe in—Athens State University's commitment to providing a quality education.

- Paula Bullington

I support the Foundation because ASU's mission is vitally important to our community and state. Giving to a Foundation scholarship is the best way for a person to express love for this beautiful institution and help its students fulfill their educational dreams. A Foundation scholarship is a treasured gift that keeps on giving.
