

### **ACCOUNTING TUTORING LAB**

The Accounting Tutoring Lab offers specific course tutoring for students enrolled in any Accounting courses offered at Athens State University. Peer tutors are available to assist students with their learning needs.

The ultimate mission of the Accounting Lab is to provide students with foundational accounting concepts. The program also encourages students in the process to become more independent learners. Students can drop in during the regularly scheduled lab hours or make an appointment by calling 1-800-522-0272 (ask for accounting lab). Those students with an appointment will be given priority. Most students come to the Lab for tutoring; however, online tutoring is available for Athens State students through email, fax and telephone. Lab equipment and resources on site include:

- A selection of textbooks and resource materials
- Four computers with windows operating systems
- A variety of software tools and internet materials that support the accounting course work

1-256-233-6527 is the direct line to the accounting lab.

[Accounting@athens.edu](mailto:Accounting@athens.edu) is the email address for the lab and email is checked daily and responses will occur within 24 hours on Tuesday, Wednesdays and Thursdays.

Fax (1-256-233-8209) is available for students who need to have a problem reviewed. The lab will not give you the answer but will provide services to check figures and work on the accounting concepts necessary to solve the problem.

The objectives of the Accounting Lab are:

- To identify, recruit and retain qualified tutors
- To provide tutoring in a timely manner
- To provide tutoring in a format that meet the needs of all students
- To provide tutoring that enhances learning and prepares students to be more independent learners.

In addition the following commercial product is available for use by all our business students.

Is available 24/7

Link to this tutoring tool is available in all business classes. See your class menu for the link.
