

INTERNSHIP APPLICATION PROCEDURES

Athens State University: Criminal Justice CJ 464

2017

1. Check with Dr. Quanda Stevenson (criminal justice program director and advisor) to ensure that an internship is advisable based on your current academic status.
2. Review the basic CJ 464 Internship (required course) information in the internship packet.
You can visit the Criminal Justice webpage at www.athens.edu, academic programs, criminal justice.
3. Check the INTERNSHIP OPPORTUNITIES documents for available internships (at the back of this packet).
 - a. Decide where to intern.
 - b. Get the name and telephone number of the contact person.
 - c. If interning at an agency that's not listed, contact Criminal Justice Program Internship Supervisor.
4. Call the contact person for the internship placement and schedule an interview.
 - a. Carry your **résumé** or Vita to your interview.
 - b. Carry your filled-out/completed **INTERNSHIP CONTRACT and Internship Agreement forms**. (pages 4-7)
 - c. If accepted for the internship, fill out the agency-related information and have contact person sign the INTERNSHIP CONTRACT and the SUMMARY OF TIME SCHEDULE and Internship Agreement forms (pages 4-7) where they should sign.
5. Send your completed and approved forms to the Criminal Justice Director; Dr. Quanda Stevenson as an email attachment to her email address: quanda.stevenson@athens.edu, for final approval.
6. register for course as you would any other CJ course and pay for the credit hours.
Fall/spring semester: 3 hours credit – 120 hours in the agency (approximately 5-10 hours per week) at least 2 days a week

REQUIREMENTS

The internship is typically offered during the Spring and Fall semesters.

Most internship placements will have a designated internship coordinator or supervisor (**you need two supervisors/contact persons**) for their internship programs. This person will accept the applications, setup the schedule, and duties, etc. The current internship placements also assign students to various duties such as clerical duties. They also assign students to jobs where they conduct research, data entry, community service, and even ride-alones. The purpose of the internships is to give the students on the job experience and at the same time allow them to help you and your personnel. Your agency will only have to decide who will supervise the student (**you need two supervisors/contact persons**), sign their documents so they can register for the course and to official allow them to intern, sign the time sheets and other documents once they finish their clock hours, agree on a schedule and have work for them to do. Unless you have other procedures that you would like for them to follow, please review this information and let me know if you have any questions or concerns.

I have attached several documents for you to review and learn more about our internship process as well as the student requirements. Students utilize all of these documents and forms to guide them in their selection of an internship placement for the course.

All Criminal Justice Seniors who are interested in registering for an internship must do the following:

1.Pre-Approved Internship:

Pick up an internship packet from the internship instructor or go online to the criminal justice webpage and go to the internship tab and links.

Generally, federal internships are more difficult to obtain and often require you to apply 9 months to 1 year in advance so keep this in mind if you are interested in obtaining an internship in the federal system. State agencies take about 4 to 6 months and local agencies about 2 to 3 months. Select an agency from the list or gain approval for any agency not listed in the packet.

2. The student contacts the agency and schedules an interview. The student should go dressed professionally as he or she would for an interview (a suit, or dress pants, shirt, etc). The student should take his or her resume, the internship contract forms ((pages4-7 of this packet), Internship Agreement Form, and the (tentative) summary time schedule. You will turn in a confirmed schedule once you begin the internship. These forms are signed by the agency internship supervisor at the agency where you will intern but you must complete all of the student portions. If you are interested in a state or federal agency you must start the application and interview process at least 6 to 9 months before you want to conduct the internship. You must contact the agency and they will tell you their requirements. You must meet their requirements and then complete our departments' requirements.

3. The student submits the internship contract and (tentative) time schedule ((pages4-7 of this packet) and Internship Agreement to the current semester's director of internship program by email attachment. The director reviews these forms. If the director is satisfied that the forms are completed, the director signs the forms. A copy of the internship contract is made and the student will return the original contract to the Director of the Internship Program. **You are not officially registered for CJ 464 course** until these forms are completed, approved and turned into our department. The Internship Director will then keep the forms for his or her records so they can periodically check on you and your internship placement during the semester that you are enrolled. Register for Course; the week before finals week the semester before the term that you want to start the internship. This means you have completed the approval process the week before finals week (not just trying to start the process). So work ahead, remember at least 3 to 6 months ahead.

4. If your internship is approved, you must start your internship the first day of scheduled classes for that term. You must also log on to Blackboard to see the syllabus, calendar, journal, assignments and other documents that you must complete for the internship. You must turn in all assignments and documents on Blackboard. This information is provided by the current Internship Director (the instructor of the course) for the semester that you are enrolled.

5. Unofficial/Not approved Internship

If a student wants to intern at an agency that is not on the list, you need to meet with Dr. Q. Stevenson at least one semester/term before you want to begin the internship to discuss the agency, provide the agency contact information, and gain approval. The agency must provide a letter on letter head stating their approval of the intern, signed by the internship coordinator or supervisor. They must also provide an email address(es), telephone number(s), fax number(s), physical mailing address, contact information for one other person at the agency and a web address if one is available. You must bring this information to the Internship Director at least one semester before placement. The director will then use this information to verify the internship placement. **Students can intern at an agency that is not on our list, as long as they get written permission from instructor.**

Internship Details

- **What are the duties and responsibilities required of this internist?**

- 2. What are the duties and responsibilities required of this internship (the position)?**

- 3. Comments, Questions and/or Concerns:**

Internship Supervisor

By signing this document as the supervisor of this intern, you are agreeing to allow the intern to conduct their internship with your department or program for the length of time stated above. You are also stating that you are aware of the responsibilities related to supervising an intern which include, preparing work assignments, signing forms, communicating instructions, mentoring and evaluating the performance of your assigned intern. Furthermore, you understand that the intern is not receiving payment for their internship and that this internship is only conducted for educational purposes. This internship should not endanger the lives of any patron, employee, employer and especially the internist. The internship should provide the intern with hands-on experience but not necessarily direct contact and exposure to every job requirement of the supervisor and other employees. In addition, you agree to contact the instructor throughout the internship to provide updates on modifications, job performance, evaluations, questions and concerns. Finally, you agree to give the student assignments that will assist them in learning more about the criminal justice system and how it actually operates. The main focus of their work detail should allow them to participate in criminal justice related assignments.

Internist (Student Intern)

As the internist (student), you are agreeing to conduct yourself in a manner that is becoming of Athens State University student during your internship. You are also agreeing to not receive payment for your internship. You must also agree to maintain your weekly internship hours in accordance with the above stated time frame and schedule. You also agree to abide by the rules and regulations of the department or program, just like other employees are instructed. You will also abide by the requirements of your Criminal Justice Internship Course (CJ 464). During your internship you understand that you are to gain as much Criminal Justice experience as possible. **You must also agree to use confidentiality at all times.** You must also immediately contact your supervisor and instructor when and if a situation hinders your internship success. You must contact your instructor several times throughout the semester to provide updated information.
