What’s going on in Region 2 Summer 2017!

Serving the schools of Region 2:

Athens City, Limestone County, Decatur City, Morgan County, Hartselle City, Lawrence County, Cullman City, Cullman County, Blount County, and Oneonta City
What’s Inside

- Regional In-Service Center Governing Board Members pg. 3
- Math Round-Up with Sherry Parrish & Graham Fletcher pg. 4-6
- Spotlight on Poverty with William Parrett, How to Turn High Poverty Schools into High Performing Schools pg. 7
- Virtual Book Study Opportunities pg. 8
- PD Options for Librarians, Writing, etc. pg. 9-10
- Summer Conferences and Camps pg. 11
- NBCT Candidate Support pg. 12
- AMSTI pg. 13
- ASIM Summer Offering pg. 14-17
- The People Behind Your Center pg 18-20
- Alabama Center for the Arts Summer PD pg. 21
Regional In-Service Center Governing Board

Interested in serving the board and assisting with selecting professional development policies, and helping choose the path our Regional In-Service Center is taking? Contact us! We will be taking nominations for vacancies in the following positions:

- Administrator, Large System
- Administrator, Small System
- Teacher, Small System

**Dawn Martin, Chair**
East Limestone High School, Limestone County Schools

**Dr. Dee Dee Jones, Vice-Chair**
Central Office Hartselle City Schools

**Kelly Pinkard**
Cullman Primary School, Cullman City Schools

**Dr. Stoney Beavers**
Central Office, Blount County Schools

**Dr. Sara Cline**
Athens State University, College of Arts and Sciences

**Dr. Johnnie Lundin**
Athens State University, College of Education

**Elisa Harris**
Crestline Elementary, Hartselle City

**Deborah Holladay**
Athens Middle School, Athens City Schools

**Stacy Hughes**
West Morgan High School, Morgan County Schools

**Pam Kitchens Crumpton**
Moulton Middle School, Lawrence County Schools

**Karen Pinion**
West Point Intermediate School, Cullman City Schools

**Dr. Cheri Humphries**
Central Office, Morgan County Schools

**James Lucas**
School Board, Athens City Schools

**Leslie Russell**
Oneonta Elementary School, Oneonta City Schools

**Marie Sandlin**
Hanceville Middle School, Cullman County
Fractional Number Talks

With Sherry Parrish
For Teachers Grades 3-8

Fluency with Fractional Reasoning—Critical foundation for determining success in higher mathematics

When:
July 18, 2017
8:00am—3:00 pm

Where:

**Classroom Management in the Digital Age:**
*Effective Practices for Technology- Rich Learning Spaces*
**Facilitator:** Courtney Hamilton  **Audience:** All teachers

Classroom Management in the Digital Age offers teachers competency and confidence. If you have devices in your classroom already or if you're moving towards implementing tablets, iPads, Chromebooks, or any other device, Classroom Management in the Digital Age will partner with you in creating relevant classrooms where learning rules.

**Dive Into Inquiry: Amplify Learning and Empower Student Voice**
**Facilitator:** Courtney Hamilton  **Audience:** All teachers

Trevor MacKenzie provides readers with a strong understanding of the Types of Student Inquiry and proposes a framework that best prepares both educators and learners for sharing the unpacking of curriculum in the classroom as they work together towards co-constructing a strong Free Inquiry unit. Helpful illustrations for in-class use, examples of essential questions from a variety of disciplines, practical goals for making progress in adopting inquiry into your practice, and powerful student learning on display throughout, Dive into Inquiry will energize, inspire, and transform your classroom!

**Start. Right. Now.**
**Dates:** 6/12-7/21
**Facilitator:** Stacy Hughes  **Audience:** Secondary Teachers

Are you ready to take the first step toward excellence? If so, join this book study! What does it take to be the very best teacher—or the very best leader? What sets excellent educators apart from their peers? And how can you join their ranks? In their work leading up to their newest book, Start. Right. Now. Todd Whitaker, Jeff Zoul, and Jimmy Casas studied educators from across the nation and discovered four key behaviors of excellence. Wherever you are on your journey as an educator, choose to become even greater still—our kids are worth it. Start. Right. Now.

*Features a Skype conversation with the Author!*
Learn Like a Pirate
Facilitator: Stacy Hughes    Audience: Elementary Teachers
Join our book study of Paul Solarz’s book, Learn Like a PIRATE: Empower Your Students to Collaborate, Lead and Succeed, which highlights how teachers can encourage student empowerment and leadership. 2015 Teacher Prize 50 finalist Paul Solarz is known for his innovative, tech-based methods encouraging his students to become global citizens. His blog is renowned for exploring the differences in education systems around the world in an effort to help the American education system be more successful.

Features a Skype conversation with the Author, and autographed copy of the book!

Quality Questioning Blended PLG
(July 24, 2017-May 2018)~ Facilitated by Rochelle Biffle
This virtual and face-to-face PLG is a great opportunity for teachers of all subjects. Join in for a year of learning by doing! "Teachers question their students to advance thinking and learning." But what if we are asking the wrong questions to improve thinking in the classroom. Join us for a book study of Quality Questioning a research based book written to engage every learner by Jackie Acree Walsh and Beth Dankert Sattes to improve our Questioning skills in order to improve student thinking.

Registration for the following In-Service Center Programs is through the link below. All registrations will receive a confirmation email for each session they select.
https://tinyurl.com/kf4yuav
All sessions will be held at the AMSTI-/In-Service Center unless otherwise noted.

Purposeful, Authentic Writing with Rick Shelton
Date: July 12, 2017    Time: 8:30am-3:30pm
Location: AMSTI-/In-Service Center
We will take a close look at the kinds of questions teachers can use to engage students as they plan and write in various modes. These questions will be used in both group and individual writing, and participants will learn how to apply them in gradually releasing responsibility to their students for their own writing. We will explore how these questions can be employed across the curriculum, including as catalysts for math journaling. Writing can be done in settings that best inspire your students. Meet them where they are….
Dyslexia Simulation Training

**Location:** AMSTI-/In-Service Center

**Date:** June 6  **Time:** 8:30-11:30 am  
**Date:** July 27  **Time:** 8:30-11:30 am  

**Audience:** teachers grades K-12; Special Education teachers (K-12), Instructional Coaches/Partners, and Administrators

**Description:** This dyslexia simulation is a hands-on experience. The simulation is designed to increase awareness of the difficulties and frustration that individuals with dyslexia (specific language learning challenge) encounter daily. The intent of this experience is to lead to greater empathy and understanding and provide insight into working more effectively with these individuals.

During this simulation, participants will engage in situations designed to stimulate various language–related tasks similar to those encountered in the classroom and workplace. Each experience will last approximately 10-15 minutes allowing time for debriefing and reflection led by a trained facilitator. This is not a “train the trainer” professional development. All materials used and rights to facilitate this simulation are reserved by the Shelton School in Dallas, Texas.

---

Technical Services Refresher for Working School Librarians

**Date:** July 13, 2017  **Time:** 8:30am-3:30pm  
**Location:** AMSTI-/In-Service Center

**Description:** With the advent of electronic resources, 1:1 hardware initiatives, and read-write web technologies, it can be easy for school librarians to neglect the physical materials they have in-house. And while ideal collections used to focus on breadth, now access and usage drive our decision-making. To that end, this workshop will focus on topics include collection analysis, weeding and deaccession of print and audiovisual materials, cataloging and classification to maximize access, and resources for book repair.

**Objective:** To re-examine library catalogs and collections in consideration of emerging trends in education and technology and provide school librarians will tools to connect teachers and learners with a range of materials.

**Facilitator:** Dr. Wendy Stephens, Jacksonville State Library Media Program Chair

The AMSTI Warehouse
EQUIPMENT & SUPPLIES
ASIM provided $515,000 in equipment and supplies to Alabama high school science teachers and students in one school year. But that’s not our whole story.

ASIM SPECIALISTS ARE MASTER TEACHERS
All ASIM specialists are experts in their science content field and exemplary teachers. Building relationships, mentoring and supporting teachers is what we do.

CLASSROOM IMPACT
Every day last year, 147 ASIM lab activities were used in Alabama classrooms. That is 26,487 overall impact days for Alabama students.

TEACHER SUPPORT
All teachers who participate in Science in Motion receive training, materials and support for every impact day.

VALUE ADDED
- ASIM monetary value = $9.9 million
- ASIM salaries = $2.8 million
- Added value = $7.1 million for specialist support to schools and students.

ASIM Biology Summer Training Opportunities

Date: Tuesday 6/13 – Friday 6/16
Title: LTF/ASIM Training, Hartselle High School

Level 1 (ASIM Instructor – Jennifer Hutchison): Comparing Cell Structures & Organelles, Cell Size, Macromolecules: Structure and Function, Leaf Disk Photosynthesis, Cellular Respiration in Crickets, Expanded DNA Extraction, Dragon Genetics, L1Enzymes, Exponential Population Growth, Evolution of Antibiotic Resistance—Credit for the previous ASIM labs will be given to LTF

Date: Monday 6/19 – Friday 6/30
Time: 8:30 am—3:30 pm
Location: Athens State University, Waters Hall, Room 302
Title: ASIM Biology Pre-Service Ten Day Training, New Teacher Training, and In-Service Teacher Update,
Attendees: Pre-Service Students must attend all ten days of the training to earn college credit,
In-Service Teachers and new teachers may attend any of or all of the ten day session.

</table>
I have been with the In-Service Center for the past 28 and half years. I began working at the Center in October of 1988 as the secretary, and I have served in every capacity and was named director in June 2015. I love working with our region of 10 school systems, and I believe that we have the best systems, superintendents, principals, teachers, and students in the state.

My husband of 47 years, George, is a CPA. We have 3 children: Dawn South and husband, John; Will Feigley and fiancé, Beth Hudson; and Mary Katherine Littrell and husband Adam. We have 5 beautiful grandchildren: Brynn and Maxlyn South; and Savannah, Ella and Jack Littrell. They keep us young!

One of my favorite things that the RIC has fostered, is The 7 Habits of Highly Effective People which captures the personal development that makes the Leader in Me possible in our schools. It has been amazing to watch the transformation of schools, teachers and students in these schools. My favorite LiM moment is when a principal in our region shared the change in one specific family in her school. The student went home, to the hotel that she lived in with her mother, who was an addict, and taught her mother the Seven Habits. One year later that mother met with the principal and shared her story of change. The family now had an apartment and she had a job. All because her child learned something life changing at school and brought those principles home. The possibilities of change are endless when we can teach the whole child. By fostering that child, that school grew a family, and that is what we are here to do. I am so proud that we can work together to help our children grow. I truly enjoy offering opportunities that help you to grow and improve your craft.

Sincere Regards,

Charlotte
Charlotte.feigley@athens.edu
256.233.6570
Meet Courtney, our new ATiM!

I am Courtney Winn Hamilton, and currently serve as the Instructional Specialists for Alabama Technology in Motion (ATiM) at the Region 2 Inservice Center on the campus of Athens State University.

A product of the Huntsville City School System, I am a graduate of Lee High School as a participant of the magnet program. I received my Bachelor of Arts in Elementary Education from Tuskegee University and a Masters of Education with a focus on Curriculum and Instruction from Nova Southeastern University. At present, I am working on a Doctorate in Education, my focus is Instructional Leadership. I am an avid learner who genuinely enjoys expanding my knowledge base and sharing it with others.

My career in education began in 2010 when I was employed by the Madison County School system as a first grade teacher. During my seven years there, I served in many capacities to include the Superintendent’s Advisory Board Member, Minority Leadership Council Member, and a Technology Integration Mentor (TIM). It was my service as a TIM that led me to deeply engage in the pursuit of strengthening instructional practices via a wide array of technology resources. In doing so, I was able to see a drastic shift in student engagement and achievement. Such experiences fostered a passion for technology in the classroom which led to my desire to want to help other educators; thus, my pursuit to work for ATiM.

Since accepting the position in September of 2016, I have had the pleasure of sharing with educators statewide in regards to effective technology integration and infusion. I truly enjoy taking advantage of opportunities for collaborating with other educators with the intent of shifting instructional practices. Such shifts include the submersion of a variety of technology resources as I am very passionate about conveying a true understanding of the difference in using technology tools, and integrating technology resources into teaching practices. I absolutely love seeing and hearing the successes of teachers who try integrating new technology tools/techniques into traditional teaching methods! In all of the professional development that is provided through ATiM, it is my ultimate goal that individuals leave better equipped to meet the needs of the digital learners that enter their classrooms.

My husband and I reside in Madison County and are the new and proud parents of a baby girl! I enjoy working with the youth at our church, reading, traveling, and motivational speaking.

Courtney’s Contact Info:
Office: 256.233.6572
Cell: 256.840.7066
Website: https://www.athensstatetim.weebly.com
Email: winningeducator@gmail.com
Twitter: @winningeducator
This year has been a journey for all of us. I am very proud of the resilience and community that our educators and state initiatives have shown this year. We banded together to keep things that we feel are valuable to our children’s education. As we move forward, each initiative is looking inward and evaluating the jobs we are doing to update and improve to better serve you. My passion for education grows as I look at the impact it has on my children. It was on my heart to bring you a little of who we are—the people behind the names, to show you who we are, and share a little bit of us.

I am a product of Athens City Schools, and graduate of Auburn University. I come from a horde of teachers—my mom, a classroom teacher and project director of HASP and AMSTI, my aunts who were classroom teachers, principals, reading coaches, and instructional partners. Education surrounded me. I love to read, sing, spend time with “my village,” create and dream.

My husband, Andy, is an international programs specialist at Redstone Arsenal. In his first life, he did three tours in Iraq with his Marines. He loves to fish, hunt, play and watch sports. He is the calm to my storm.

My son, Holland, is a 3rd grader, who teaches me something everyday. His current obsessions: mythology, Latin, books, and video games. His life goal is to discover how to harness gravitational waves, which he will use to power interdimensional transport. His heart is beautiful. He is my sunshine.

The Diva, Asa Gray, is 5 and will start Kindergarten this fall. She keeps us all on our toes, including our neighbors. She dances, plays soccer, and could successfully man an entire village during the apocalypse. She is amazingly intuitive and sassy, a miracle of prayer and science, and I am forever thankful for the journey that brought her to us. She is my twinkle star.

As I prepared for summer at the Regional In-Service Center, I thought more and more about what we are here to do. I have been able to collaborate with other Centers across the state to bring things to you that I hope meet you where you are: a focus on poverty; mathematics; virtual and blended book study formats; and a chance to create some coaching communities for our amazing club sponsors. As always, we want to hear from you and meet your needs. It is an honor to be here to support you in the most important endeavor I know, shaping the destinies of our children.

Very truly yours,
Holly

**Registration for sessions below are done through STI_PD. **

If you do not have STI access please contact Jennifer by phone or email.

---

**Workshop Title:** Secrets of Color Matching and Color Illusion  
**STI PD TITLE #:** ATH-ACA-Summer17

**Date:** Wednesday, June 7, 2017  
**Time:** 10:00am-12:00pm (please arrive 15 minutes prior for registration).

**Location:** The Alabama Center for the Arts in Downtown Decatur (across from the Princess Theatre)

**Address:** 133 2nd Avenue NE, Decatur, AL 35601  
**Room:** 208

**Instructor:** Kathryn Vaughn, Calhoun Community College Art Instructor

**Fee:** $10.00 for supplies (payable to the ACA)

**Description:**  
Two hands-on practical projects will test facts introduced in brief lectures and demonstrations. You will take away examples of profound color physics created with traditional and non-traditional media. Typically, this visible spectrum and saturation/desaturation information would constitute part of an in-depth semester in color theory. In addition, the material illuminates a “never-fail” way to match color in oil paints. Supplies are included for one color-matching project using oil paints and one cut-paper “illusion” project. Expect to have fun while learning more about color in this class.

* Teaching Standard 1 - 1.1, 1.2, 1.3, 1.4, 1.5;  
* Standard 2 - 2.1, 2.2, 2.3, 2.5, 2.6, 2.7, 2.8, 2.9  
* Standard 5: 5.1, 5.2, 5.3

---

**Workshop Title:** Printmaking: Carousel of Learning  
**STI PD TITLE #:** ATH-ACA-Summer17

**Date:** Thursday, June 22, 2017  
**Time:** 8:00am-3:30pm (please arrive 15 minutes prior for registration)

*You will have an hour and 15 minute break for lunch. You may bring your lunch or choose from several restaurants within walking distance of ACA.

**Location:** The Alabama Center for the Arts in Downtown Decatur (across from the Princess Theatre)

**Address:** 133 2nd Avenue NE, Decatur, AL 35601  
**Room:** 313, 312, 113, 116

**Instructor:** Tammie Clark, Alabama Art Education Association, North Ala. Region Rep.

**Fee:** $10.00 per registrant for supplies (probably to the AAEA)

**Target Group:** Art Educators, Gifted Ed, Art Integration School Educators

**Description:** Four different printmaking techniques you can take right back to your classroom will be offered in this six hour workshop: Gelli Plates, Silk Screening using die cute, linoleum/block printmaking, and monoprinting. Suitable and adaptable for all grade levels.

---

**Workshop Title:** Visual Thinking Strategy  
**STI PD TITLE #:** ATH-ACA-Summer17

**Date:** Wednesday, July 12, 2017  
**Time:** 1:00-3:00pm (please arrive 15 minutes prior for registration)

**Location:** The Alabama Center for the Arts in Downtown Decatur (across from the Princess Theatre)

**Address:** 133 2nd Avenue NE, Decatur, AL 35601  
**Room:** 313

**Instructor:** Dr. Mary Beth Johns, Athens State University, Assistant Professor Visual Art Education

**Fee:** n/a

**Description:** A way to talk about art with students of all ages that leaves behind the old – describe, interpret, analyze and judge method – for more meaningful discussions and understanding.
