Name of Program: Encore - Math Advantage 2003

- **Concepts or Skills:** Based on standard, middle, and high school math curriculums for 6th through 12th grades, this math learning system covers 10 core subjects: pre-algebra, algebra I, algebra II, geometry, trigonometry, pre-calculus, calculus. (Computer, Math, Logic)
- **Grade Levels:** 6th -12th
- **Age Levels:** 11 and up
- **Platform:** Mac, PC

Name of Program: Vivendi - Math Blaster Ages 7-8

- **Concepts or Skills:** Builds a solid foundation of basic math abilities, thinking skills
- **Grade Levels:** Early Childhood
- **Age Levels:** 7-8
- **Platform:** Mac, PC

Name of Program: Kutoka - Interactive Mia's Math Adventure: Just In Time

- **Concepts or Skills:** math, computer, logic
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Riverdeep - Destination Math Middle (Bundle)

- **Concepts or Skills:** The Destination Math series is a carefully sequenced, comprehensive curriculum that demonstrates how mathematical issues arise out of real-life situations. The courses Mastering Skills and Concepts IV: Basic Mathematics, Mastering Skills and Concepts V: Pre-Algebra, and Mastering Algebra I: All Destination Math courses are correlated to state standards and offer full online teacher support, including lesson plans and printable student worksheets.
- **Grade Levels:** Mostly 4th -8th
- **Platform:** Mac, PC

Name of Program: The Learning Company - Arthur Math Games (Jewel Case)

- **Concepts or Skills:** counting, adding, subtracting, simple multiplication/dividing, logic, and even geometry
- **Grade Levels:** Early Childhood
- **Age Levels:** 4-7
- **Platform:** PC

Name of Program: Vivendi - Math Blaster Ages 8-9

- **Concepts or Skills:** Eliminate and exterminate this cosmic hacker's beastly bugs! You'll need to go straight to the heart of the galactic network where you'll crack a code in the circuits, rewire the circuits for sound and navigate through the motherboard maze. Ready, set, start clicking!
- **Grade Levels:** Early Childhood

- **Age Levels:** 8-9
- **Platform:** PC

Name of Program: **Riverdeep - I Love Math**

- **Concepts or Skills:** These are games that deal with computer, math, and logic.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: **Fogware - The Math Club**

- **Concepts or Skills:** The Math Club takes children on a magical journey through the Fairy Tale Forest. During this journey, they acquire knowledge step by step, in a relaxed atmosphere. The knowledge they gain serves as a starting point and foundation for formal learning. Accompanied by Merlin the Magician, children enter the Fairy Tale Forest. They will meet Little Red Riding Hood, Snow White, Goldilocks and the Three Bears; as well as forest playmates at Gordolina the Magician's preschool.
- **Grade Levels:** Early Childhood
- **Platform:** PC

Name of Program: **Edmark - Mighty Math Zoo Zillions**

- **Concepts or Skills:** Mighty Math will lead your child to math success by teaching math basics-and much more! Your child will understand the concepts behind the facts and master the thinking skills necessary for successful problem solving. Because kids learn best when they're having fun, each of the Mighty Math programs dazzles and entertains while it teaches. (addition, subtraction, story problems, number facts, 3D shapes)
- **Grade Levels:** Early Childhood (K-2nd)
- **Platform:** Mac, PC

Name of Program: **Vivendi - Jumpstart Advanced 5th/6th Grade**

- **Concepts or Skills:** activities that deal with computer, math, logic, song, and drawing
- **Grade Levels:** 5th -6th
- **Platform:** Mac, PC

Name of Program: **Vivendi - Jumpstart Advanced 3rd Grade**

- **Concepts or Skills:** activities that deal with computer, math, logic, language, reading
- **Grade Levels:** 3rd
- **Platform:** Mac, PC

Name of Program: **The Learning Company - Dr. Seuss The Cat in the Hat**

- **Concepts or Skills:** These are games that deal with computer, math, logic, language, reading
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Broderbund - Adventure Workshop 1st Grade 5th Edition

- **Concepts or Skills:** games that contain reading, language, logic, math
- **Grade Levels:** Early Childhood (Pre/K-1st)
- **Platform:** Mac, PC

Name of Program: LeapFrog - Leapster Game Cartridge - Dora the Explorer Animal Rescue

- **Concepts or Skills:** In Dora the Explorer Animal Rescue, your child can choose from five learning games and three interactive storylines that teach essential pre-kindergarten and kindergarten skills. With tailored tutorials and multiple challenge levels that adjust the learning challenge to your child's skill level, your child can learn letters and phonics, counting, patterns, science concepts, Spanish language, and critical thinking through interactive storylines and activities about Dora the Explorer in a fun and challenging way.
- **Grade Levels:** Early Childhood (Pre-K and K)
- **Platform:** Mac, PC

Name of Program: Vivendi - Jumpstart Advanced Toddler

- **Concepts or Skills:** JumpStart Toddler introduces a world of learning and discovery! This innovative educational software features auto leveling that allows your child to learn at a pace that is just right for him or her. It also features learning styles.
- **Grade Levels:** Toddlers
- **Platform:** Mac, PC

Name of Program: Scholastic - I Spy Treasure Hunt

- **Concepts or Skills:** riddle solving, critical thinking
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Broderbund - Adventure Workshop 1st-3rd Grade - 5th Edition

- **Concepts or Skills:** Supplement your children's Math, Reading, and Research skills with this comprehensive workshop!
- **Grade Levels:** Early Childhood (1st -3rd)
- **Platform:** Mac, PC

Name of Program: Encore - Sesame Street Toddler

- **Concepts or Skills:** critical skills that toddlers need, learn about numbers, letters, and much more, fundamentals of pre-reading, pre-math, categorization, and creative expression, social development, and self-esteem
- **Grade Levels:** Toddlers
- **Platform:** PC

Name of Program: The Learning Company - Reader Rabbit's Personalized Kindergarten

- **Concepts or Skills:** Help Reader Rabbit prepare for the campfire party. Camp Happy Tales is filled with activities to help your child learn reading, arithmetic, and problem solving skills! Reader Rabbit Personalized Kindergarten is an excellent way to prepare your child.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Vivendi - Learning Playground (1st-3rd Grade)

- **Concepts or Skills:** JumpStart: 1st - 3rd Grade Learning Playground takes your child on a learning adventure with fun, award-winning games that teach essential skills and provide the foundation for a lifetime love of learning. 1st - 3rd Grade Learning Adventure includes age-appropriate reading and math exercises as well as a fun adventure game called JumpStart Explorers. (Art/Art History, Computer, Math, Logic, History/Culture, Language Reading)
- **Grade Levels:** Early Childhood (1st -3rd)
- **Platform:** Mac, PC

Name of Program: TOPICS Entertainment - Educator's Choice Numbers & Letters Excelerator

- **Concepts or Skills:** Teachers agree: learning is easy when you're having fun. That's the spark behind Numbers & Letters Excelerator, the 4-disc set of premium software titles combining amusement and education in one motivationally interactive package.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: The Learning Company - Reader Rabbit Preschool

- **Concepts or Skills:** Early math, reading, and problem solving
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Inspiration - Kidspiration 2

- **Concepts or Skills:** Kidspiration 2 offers a visual way to think, write, and comprehend. Students build graphic organizers by combining pictures, text, and spoken words to represent thoughts and information. Kidspiration 2 offers even more ways to support emerging readers and writers. Added capabilities provide more opportunities for students to express themselves visually and to recognize the connection between words and their meanings.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Macplay - The Hare and the Tortoise

- **Concepts or Skills:** Computer, math, logic, reading/language
- **Grade Levels:** Early Childhood
- **Platform:** PC

Name of Program: Encore - Fun & Skills Pack Toddler

- **Concepts or Skills:** Discover numbers, colors, shapes, letters, and more. Explore the extraordinary world of Dr. Seuss. Learn the alphabet and over 600 words and find hundreds of clickable surprises!
- **Grade Levels:** Early Childhood/Toddlers
- **Platform:** PC

Name of Program: Adventure Workshop - Scholastic Edition Preschool

- **Concepts or Skills:** Have fun building skills in reading, early math, problem solving, and creativity. This three-in-one package includes Clifford Reading, I SPY School Days, Huggly Saves the Turtles.
- **Grade Levels:** Early Childhood
- **Age Levels:** 4-7
- **Platform:** Mac, PC

Name of Program: Pearson Software - Curious George Learns Phonics

- **Concepts or Skills:** master letter sounds, word parts, and reading comprehension
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Disney Learning Preschool

- **Concepts or Skills:** Disney Learning Preschool, featuring Mickey and Pooh, is an early learning tool that enables children ages 2-4 to learn age appropriate skills with their favorite Disney characters. Promotes critical thinking and problem solving while enhancing memory
- **Grade Levels:** Early Childhood (Preschool)
- **Age Levels:** 2-4
- **Platform:** Mac, PC

Name of Program: Vivendi - Jumpstart Third Grade

- **Concepts or Skills:** Sneak into Mystery Mountain Mansion and help Botley the Robot end bratty Polly Spark's pitiful plot by capturing her 25 time-tinkering robots! Use reading, spelling, math, science, art, and other skills to stop the robots before they change history!
- **Grade Levels:** Early Childhood (3rd)
- **Platform:** Mac, PC

Name of Program: Vivendi - Jumpstart Advanced Kindergarten

- **Concepts or Skills:** reach learning experiences, structured reward system
- **Grade Levels:** Early Childhood (Kindergarten)
- **Platform:** PC

Name of Program: The Learning Company - Reader Rabbit's 1st Grade

- **Concepts or Skills:** Reader Rabbit Personalized 1st Grade is filled with fun activities to help your child learn reading, arithmetic, problem solving, and more! Plus, builds skills, confidence, and a life-long love of learning
- **Grade Levels:** Early Childhood (1st)
- **Age Levels:** 5-7
- **Platform:** Mac, PC

Name of Program: **Disney - Learning Kindergarten with Mickey & Winnie the Pooh**

- **Concepts or Skills:** Disney Learning Kindergarten, featuring Mickey and Pooh, is an early learning tool that enables children ages 4-6 to learn age appropriate skills with their favorite Disney characters. This deluxe two-CD set features an introduction to French and Spanish.
- **Grade Levels:** Early Childhood
- **Age Levels:** 4-6
- **Platform:** PC

Name of Program: **Simon & Schuster - Richard Scarry's Busytown**

- **Concepts or Skills:** Busytown Best Activity Center Ever is full of games, puzzles, and creativity tools designed especially for fun and learning. These eight entertaining activities are packed with hours and hours of positive play time and educational value.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: **Dk Multimedia - Smart Steps 1st Grade**

- **Concepts or Skills:** Enroll your first grader in the program with more of everything: Smart Steps. Developed by dedicated educators, Smart Steps covers the complete first grade core curriculum
- **Grade Levels:** Early Childhood (1st)
- **Platform:** Mac, PC

Name of Program: **Encore - Madeline Preschool Classroom Companion**

- **Concepts or Skills:** Visit the Zoo, the Bakery, the School, the Art Gallery, the Theatre, or the Stationery Store. Paint pictures in the Art Studio, or have fun away from the computer with printable activities. There's even a magic show!
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: **The Learning Company - Zoombinis Mountain Rescue**

- **Concepts or Skills:** Develop foundational and advanced math and logic skills while exploring menacing puzzle-packed mountain passageways. Each perilous puzzle you solve leads to another, more difficult challenge. Each mission is a new game!
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Vivendi - Jumpstart Third Grade

- **Concepts or Skills:** Sneak into Mystery Mountain Mansion and help Botley the Robot end bratty Polly Spark's pitiful plot by capturing her 25 time-tinkering robots! Use reading, spelling, math, science, art, and other skills to stop the robots before they change history!

- **Concepts or Skills:** Join Frankie the Dog and his friends in an interactive classroom filled with animation and song. Take field trips to the beach and zoo. Count change for the vending machine. Learn fractions as you help Mrs. Pickles out in the cafeteria line.
- **Grade Levels:** Early Childhood (1st)
- **Platform:** Mac, PC

Name of Program: Disney's Winnie the Pooh 123s

- **Concepts or Skills:** A fun-filled way for your little ones to learn the basics of mathematics with their favorite friend from the 100 Acre Wood. The game features three fun activities to learn addition, subtraction, number recognition, and counting.
- **Grade Levels:** Early Childhood
- **Age Levels:** 3-6
- **Platform:** Mac, PC

Name of Program: The Learning Company - Reader Rabbit Preschool Classic

- **Concepts or Skills:** Reader Rabbit Preschool Classic delivers learning fun for ages 3 to 5. Kids journey to a crazy amusement park with Reader Rabbit and friends, where they adventure and play through 12 activities and wild games.
- **Grade Levels:** Early Childhood (Preschool)
- **Age Levels:** 3-5
- **Platform:** PC

Name of Program: Dk Multimedia - Smart Steps 4th Grade

- **Concepts or Skills:** Enroll your fourth grader in the program with more of everything: Smart Steps. Developed by dedicated educators - watch your child's grades take off with this comprehensive, curriculum-based program.
- **Grade Levels:** Early Childhood (4th grade)
- **Platform:** Mac, PC

Name of Program: The Learning Company - Arthur's Kindergarten

- **Concepts or Skills:** There's been a bad storm and Arthur's tree house has been wrecked. Arthur and his friends do odd jobs around town to earn new tree house parts. Along the way, children help Arthur, Muffy, Buster, and the other characters while they boost their phonics, counting, creativity, ordering, and memory skills.
- **Grade Levels:** Early Childhood (Kindergarten)
- **Platform:** Mac, PC

Name of Program: Scholastic - I Spy Spooky Mansion

- **Concepts or Skills:** solving riddles, solving puzzles, looking for hidden objects
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Vivendi - Kid Keys 2.0

- **Concepts or Skills:** Havas' Kid Keys brings the keyboard to life! A talking dragon, giggling monsters, and a whole cast of other zany characters help children build keyboarding and early reading skills. Three activities provide a playful, interactive environment that helps children progress from learning key positions to typing smoothly and accurately. Unlike other typing programs, Kid Keys was designed specifically for young children! The type is large and easy to read. The program takes an alphabetical approach that encourages children to build early reading skills while they learn key locations. And accuracy is stressed over speed, so children can learn at their own paces. In addition, constant reinforcement is provided through talking characters, music, animation, and sound effects.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Encore - Fun & Skills Pack 1st and 2nd Grade

- **Concepts or Skills:** Complete with 4 different titles, the Fun & Skills Pack reinforces your children's classroom lessons with reading, storytelling, math, and creativity exercises like: Crayola Color a Story in 3-D provides dramatic storytelling and original music as your child colors!
- **Grade Levels:** Early Childhood (1st and 2nd)
- **Platform:** PC

Name of Program: School Zone - Vocabulary Puzzles Grade 1

- **Concepts or Skills:** This Vocabulary Puzzles 1 workbook helps children practice dozens of vocabulary words. Imaginative activities and delightful picture clues make learning new words fun. Word searches, codes, crosswords, and other kid-pleasing puzzles will entertain children while they learn.
- **Grade Levels:** Early Childhood (1st)
- **Platform:** Mac, PC

Name of Program: Global Software Publishing - Human Body Explorer

- **Concepts or Skills:** No bones about it, Human Body Explorer is the best introduction to the human body and its workings for children! Learn about the body from the inside out through compelling, interactive games and activities - all centered on Seemore Skinless, a mischievous 3D Skeleton character who guides and entertains with plenty of kid-friendly zaniness.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Encore - Middle School Advantage 2004

- **Concepts or Skills:** The premier educational system for middle school excellence. Make learning fun and stimulating with engaging interactive tutors. The comprehensive set of tools in Middle School Advantage is geared toward helping you succeed in school!
- **Grade Levels:** Early Childhood (1st – 6th)
- **Platform:** PC

Name of Program: Encore - Sesame Street Numbers

- **Concepts or Skills:** Join your guide, Elmo, Bert, Ernie, Big Bird, and the Count and exploring Sesame Street while you learn about number recognition, counting, subtracting, and more! Features fun places to visit, games to play, and much more!
- **Grade Levels:** Early Childhood
- **Platform:** PC

Name of Program: Edmark - Early Learning House - Millie & Bailey Preschool

- **Concepts or Skills:** With Millie & Bailey Preschool, your child will find magic in letters, shapes and numbers--and you'll discover why these lovable learning companions are the clear favorite among parents, educators, and children alike!
- **Grade Levels:** Early Childhood (Preschool)
- **Platform:** Mac, PC

Name of Program: Vivendi - Jumpstart Sixth Grade

- **Concepts or Skills:** Enter a mysterious world of adventure and intrigue as you learn important skills in JumpStart Adventure 6th Grade. Play as either Jess or Zack, two courageous teens helping their genius Uncle Eli protect the planet from environmental devastation. Players ages 10-12 thwart deforestation, pollution, extinction of endangered species, and the destruction of famous world monuments

while learning math, history, language arts, science, and more. Hurry - the fate of the world rests in your hands!

- **Grade Levels:** 6th
- **Platform:** Mac, PC

Name of Program: The Learning Company - Adventure Workshop 1 - 3 Grade

- **Concepts or Skills:** Learn Math, Reading, Research Skills and More!
- **Grade Levels:** Early Childhood (1st – 3rd)
- **Platform:** Mac, PC

Name of Program: Global Star Software - Top 10 Great Educational Games 2

- **Concepts or Skills:** computer, math, logic
- **Grade Levels:** Early Childhood
- **Age Levels:** 6-10
- **Platform:** CD-ROM

Name of Program: Scholastic Dragon Tales - Fly With Dragons

- **Concepts or Skills:** Dragon Tales: Learn & Fly with Dragons lets young children visit Dragon Land and discover great activities and minigames. Cassie's brothers and sisters will learn to fly, as they play with your children. The games and lessons will develop independent learning skills.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC, CD-ROM

Name of Program: Vivendi - JumpStart Advanced Preschool

- **Concepts or Skills:** Introduce a world of learning and discovery to your kids with the JumpStart Advanced Preschool from Vivendi Universal Games. JumpStart Advanced Preschool features fun and enriching learning activities in its travel themed 3-CD set designed to prepare your child for preschool and beyond. This educational software comes with auto leveling which helps your child to learn at a pace that is just right for them. It features seven learning styles to help your child learn through songs, pictures, words or rhymes. JumpStart Advanced Preschool lets your kids learn pre-reading, math, art, music, languages (French, Spanish, and Japanese) and also helps develop their thinking skills. Now keep kids engaged and learning for hours with extensive content from JumpStart Advanced and bring out the best in your child.
- **Grade Levels:** Early Childhood (Preschool)
- **Platform:** Mac, PC, CD-ROM

Name of Program: The Learning Company - Reader Rabbit's Personalized 2nd Grade

- **Concepts or Skills:** Build essential skills in reading, writing, math, science, and thinking. Like all the products in Reader Rabbit's Grade-Based Series, Reader Rabbit's 2nd Grade offers kids a perfect balance of essential classroom skills. Also it combines educational fun with lovable characters, exciting activities, and a rewarding story line. At the beginning of the tale, Reader Rabbit is trapped at the Dragon's

Castle and needs help! Join Reader Rabbit's friend, Sam the Lion, on a quest to solve the castle mysteries and to save Reader Rabbit. Reader Rabbit Personalized 2nd Grade features A.D.A.P.T. Learning Technology — a dynamic system that continually adjusts the program to match your child's growing abilities — so learning is always stimulating and never frustrating. A.D.A.P.T is the most effective way to build skills, confidence, and a life-long love of learning.

- **Grade Levels:** Early Childhood (2nd)
- **Age Levels:** 6-8
- **Platform:** Mac, PC

Name of Program: Broderbund ClueFinders - The Incredible Toy Store Adventure!

- **Concepts or Skills:** Use your skills in math, language arts, geography, and more to help the ClueFinders work their way through 6 action-packed activity stations and 5 fun ClueSpots! And with 4 levels of difficulty, new challenges will keep you coming back for more.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Scholastic - Little Bill Thinks Big

- **Concepts or Skills:** Visit Little Bill's home to play activities with him and earn the items needed to help him make a BIG surprise. Explore the rich environments, developing early math and thinking skills while launching a submarine, making cookies, traveling to outer space, and more! Once you collect all the objects, go to the backyard to help Little Bill create the surprise!
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: Vivendi - Clifford Learning Activities

- **Concepts or Skills:** Clifford and Pals make learning big fun! Children explore and learn with Clifford, Cleo, and T-Bone as they travel around Birdwell Island helping their neighbors and playing ten skill-building activities. Use your math skills to collect the correct ingredients for Ms. Carrington's pies. Emily Elizabeth needs your help creating posters. After creating a sentence and picture - make your poster come to life by coloring it, adding fun objects, and printing it! Clifford made a big mess when he accidentally knocked over piles of junk! Help fix up the alley by sorting the items into the correct bins. Cleo's playground is not complete without a jungle gym. Test your matching skills as you build fun shapes like a doghouse, rocket ship, pyramid, and more...
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: The Learning Company - Adventure Workshop Preschool - 1st Grade 3rd Edition

- **Concepts or Skills:** Your children will love playing, learning, and just spending time with their favorite characters and you'll love watching your children laugh and learn

their way through colorful and clever activities that build valuable skills in vocabulary, reading comprehension, addition and subtraction, logic, art, and more. Watch your child build critical reading, math, and logic skills.

- **Grade Levels:** Early Childhood (PreK - 1st)
- **Platform:** Mac, PC

Name of Program: Reader Rabbit - Kindergarten 2002

- **Concepts or Skills:** Kids (ages 4 to 6) discover core learning skills in this delightful age-appropriate learning environment featuring Reader Rabbit and friends. The Dreamship is trapped, kids get to put on their jumping shoes and bounce through a range of activities to uncover Reader Rabbit's ship. Explore eight fun activities full of adventure and discovery. Along the way, Reader Rabbit and friends guide kids through phonics, matching, rhyming, math, and more.
- **Grade Levels:** Early Childhood (K)
- **Age Levels:** 4-6
- **Platform:** Mac

Name of Program: School Zone - Time, Money & Fractions Grades 1-2 for PC, Mac

- **Concepts or Skills:** Children can work at their own pace, check their work, and try problems again to reinforce math skills such as coin values, counting money, fractions, and telling time. Audio guidance, step-by-step examples and three interactive learning charts help children succeed. Exciting arcade games provide a fun break. Randomized problems, progress tracking, and personalized printouts motivate learning.
- **Grade Levels:** Early Childhood (1st – 2nd)
- **Platform:** Mac, PC

Name of Program: The Learning Company - Treasure Mountain!

- **Concepts or Skills:** The Master of Mischief has stolen the magic crown and is using its power to gather all of the mountain's magic gold. To win back the crown, children must find treasures hidden along the trail and lock them away in the mountaintop castle. They'll need to avoid mischievous elves and answer their reading, thinking, math, and science questions. More than 350 spoken problem-solving questions and automatic leveling make playing easier for pre-readers and beginning readers.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: The Learning Company - Dr. Seuss Kindergarten

- **Concepts or Skills:** Kids can learn a full year of Kindergarten, by using reading and math skills in a zany world with wacky activities. The East and West Beasts want kids to join a card game and learn about what is similar and what is different. The Birthday Bird helps kids learn about counting and measuring. Kids help Mother Bippo dress her 26 children with the correct letter sweaters and learn reading and rhyming with Thidwick the Moose. There is also music and rhythm with the Seussville Band and much more.

- **Grade Levels:** Early Childhood (K)
- **Age Levels:** 4-6
- **Platform:** Mac, PC

Name of Program: The Learning Company - The ClueFinders 4th Grade Adventures

- **Concepts or Skills:** Help prevent disaster. You'll build your skills in reading, math, science, geography, and problem-solving as you work through 15 challenging puzzles and 4 difficulty levels.
- **Grade Levels:** Early Childhood (4th)
- **Platform:** Mac, PC

Name of Program: Riverdeep - Reader Rabbit Preschool

- **Concepts or Skills:** In just one Reader Rabbit product, you'll find a wealth of rich resources including interactive CD-ROMs, flashcards, printable worksheets, and more - all specially designed to honor a preschooler's unique learning style. Explore age-appropriate topics in math, language arts, thinking skills, and art and creativity.
- **Grade Levels:** Early Childhood (Preschool)
- **Platform:** Mac, PC

Name of Program: The Learning Company - Adventure Workshop Preschool – 1 Grade 4th Edition

- **Concepts or Skills:** Covers a huge range of essential preschool, kindergarten, and first grade topics! Find similies and explore key topics like phonics, basic math, science and geography in a warm, friendly environment that makes learning a joy. There's nothing like cuddly, colorful friends to enrich the learning process.
- **Grade Levels:** Early Childhood (Preschool – 1st)
- **Age Levels:** 4-6
- **Platform:** Mac, PC

Name of Program: The Learning Company - Treasure Cove!

- **Concepts or Skills:** The Master of Mischief has destroyed the Rainbow Bridge, leaving its shining jewels hidden at the bottom of the ocean. To find the gems and rebuild the Rainbow Bridge, children use their best reading, science, thinking, and math skills to answer the sea stars' riddles about the sea. With more than 300 problem-solving questions, children are exposed to a variety of scientific facts and principles, especially those of marine life.
- **Grade Levels:** Early Childhood
- **Platform:** Mac, PC

Name of Program: TOPICS Entertainment - 1st and 2nd Grade Exceleator

- **Concepts or Skills:** Teachers agree, learning is easy when you're having fun. This set of premium software titles combines fun with proven educational principles to provide children the spark they need to access a world of knowledge. 1st and 2nd Grade Exceleator will teach your children the fundamentals expected of them when

they enter grade school. Packed with more than 40 individual lessons and over 200 activities, this educational suite delivers endless hours of exciting learning adventures. Each program is uniquely designed to help kids learn basic skill sets. Your children will grow with confidence as they master math, reading, and creativity. Give them the advantage they deserve in today's competitive world! 1st and 2nd Grade Excelerator is the most complete collection of grade school software on the market today. It contains only those titles that have been highly rated by accredited reviewers and experts in the field.

- **Grade Levels:** Early Childhood (1st – 2nd)
- **Platform:** PC

Name of Program: IBM - Millie & Bailey

- **Concepts or Skills:** You want the best education for your child. That's why, at parents' request, this comprehensive program for kindergartners has been created by selecting the most developmentally appropriate activities from Millie's Math House, Bailey's Book House and Sammy's Science House - winners of the most prestigious educational software awards. Name of Program: **Vivendi - PlayZone! Preschool & Kindergarten**

- **Concepts or Skills:** Enhance your child's education in a fun and creative way with PlayZone! Preschool & Kindergarten. Four stimulating titles comprise this dynamic educational software suite. Kids can choose from a range of adventure-packed activities in Math Blaster Ages 4-6, Reading Blaster Ages 4-6, JumpStart Learning Games: Spelling, and Fisher-Price Ready for School: Kindergarten. A range of essential reading, math, and spelling activities give your child an extra edge in the classroom and builds creative thinking skills. In Math Blaster kids learn about counting and basic math, while Reading Blaster teaches kids sentence construction and reading comprehension. The JumpStart Learning Games: Spelling title encourages kids to learn their letters and practice spelling. Exercises also focus on vowel teams and consonant blends. Fisher-Price Ready for School: Kindergarten rounds out this comprehensive collection, letting kids explore early reading and math concepts, while developing their listening and direction skills.
- **Grade Levels:** Early Childhood (Preschool and Kindergarten)
- **Age Levels:** 4-6
- **Platform:** PC
