OTHER BUSINESS

Completion Universities
At a recent event, Senator Orr had an opportunity to meet two individuals who were completing degrees at a completion University. Senator Orr inquired if they had considered attending Athens State University. The
response was that Athens State required more credit hours to complete a degree than the completion University. Currently, there are approximately 500,000 Alabamians that have some college credit but no degree. Senator Orr would like for the administration to investigate and determine how our required hours compare to the completion universities and how the University can help these citizens obtain a college degree. Senator Orr would like for Athens State University to become a leader in this effort. The Academic Affairs Committee did discuss this project.

Dr. Glenn and the administrative team will research and give a report at the January 2017 Board meeting. Following that report, a plan will be developed and presented for Board consideration at the April 2017 Board meeting.

Dr. Glenn presented Macke Maudlin with gifts of appreciation for his service as Chair Pro Tempore of the Board.
