THE MASTER OF EDUCATION IN CAREER & TECHNICAL EDUCATION

This program is designed to develop professional leadership skills and provide training for professionals in education and business, including:

- Secondary Education
- Postsecondary Education
- Adult Education
- Community College Faculty & Staff
- Corporate & Industrial Trainers
- Career Counselors
- Workforce Development Coordinators
- Others in Corporate Training positions

This program aims to equip students with the knowledge, skills, and abilities to understand the adult learner, teaching trends, current issues in the field, and pedagogical and andragogical practices. It provides a strong philosophical and historical perspective of career and technical education.
